

## Digital Wireless Intercom Repeater

### Features

- Up to 16 Users in Full Duplex
- Extends Operating Range to 3000 feet
- Compatible with most Wired Intercom Systems
- 40 Channels available
- Easy Installation & Set-up
- 128-Bit Audio Encryption
- Crystal clear audio

The Fluent Audio Repeater is designed using the most advanced RF Self-Repeating technology. This repeater allows users to interface with Wired Intercoms and give them wireless freedom and flexibility. The Repeater also expands the number of Full Duplex users from 5 to 8 and with the addition of a second repeater a total of 16 users can operate in Full Duplex mode. Fluent has over 25 years of experience manufacturing Audio & Wireless products that simplify communicating and improve efficiency.

Radio Frequency: 902-928 MHz  
Modulation: FSK Frequency Hopping  
Antennas: External Dipole  
Voice Latency: < 35 ms

Output Power: 100 mW  
Frequency Response: 50 Hz – 7 kHz  
Dimensions: 1" H x 9" W x 6" D  
Weight: 1.5 lbs.
